---

Un Direzionale che si articola in 4 versioni,  
un Operativo che ne racchiude 5  
ed un sistema di workstations che apre ad infinite possibilità compositive:  
ecco le anteprime di prodotto che Codutti ha in serbo per Voi,  
una per ciascun livello di gamma

An executive collection in 4 versions,  
An operative one that incorporates 5 variations  
a workstations concept that assure endless compositions:  
here's a preview of our new products,  
how Codutti conceived it to cover each level range

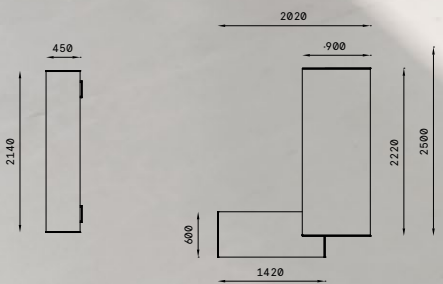

# ATTIVA

Direzionale dalle linee essenziali e moderne, declinato in quattro versioni, quante sono le geometrie dei supporti del top. Classica la *Pannellata*, con fianco collegato a 90° tramite un profilo sagomato in alluminio lucido. Contemporanee le varianti a *Ponte* e *Anello* in tubo triangolare, disponibili cromate o verniciate. Moderna la *Conica*, con gambe in acciaio a sezione semiellittica, da scegliere fra verniciate o rivestite in cuoio. Tre i materiali per i top, le ante, i frontali e i contro fianchi: legno frassino nelle finiture corda e terra; laccato opaco sabbia e piombo; melaminico bianco, noce e wengè. E ancora, per i soli top, il vetro laccato bianco o nero. Funzionali allunghi integrati alle scrivanie con porte scorrevoli e la libreria con top e controfianchi collegati dal raffinato profilo lucido - piacevoli per riporre le cose che parlano della propria personalità - completano la proposta di *Attiva*. Gli accessori sono naturalmente coordinati, come da tradizione Codutti.

Executive furnishings with clean-cut, modern lines, available in four versions and four different top support shapes. Classic *Panelled side*, with side connected at 90° with a shaped profile in polished aluminium. Contemporary *Bridge* and *Ring* versions in triangular tubing, available painted or chrome plated. Modern *Conical*, with steel, semi-oval legs, available painted or covered with thick leather. Three materials for tops, doors, fronts and counter sides: ash wood in the finishes corda and terra; matt lacquered, sand and gunmetal; white melamine, walnut and wengè. And again, for the tops only, lacquered glass in black or white. Functional extensions integrated to desks, with sliding doors and bookcase with top and counter sides connected by an elegant polished profile - a great way to store the items that talk about your personality - complete the *Attiva* range. Accessories are naturally coordinated, as per Codutti traditions.

# TEAM

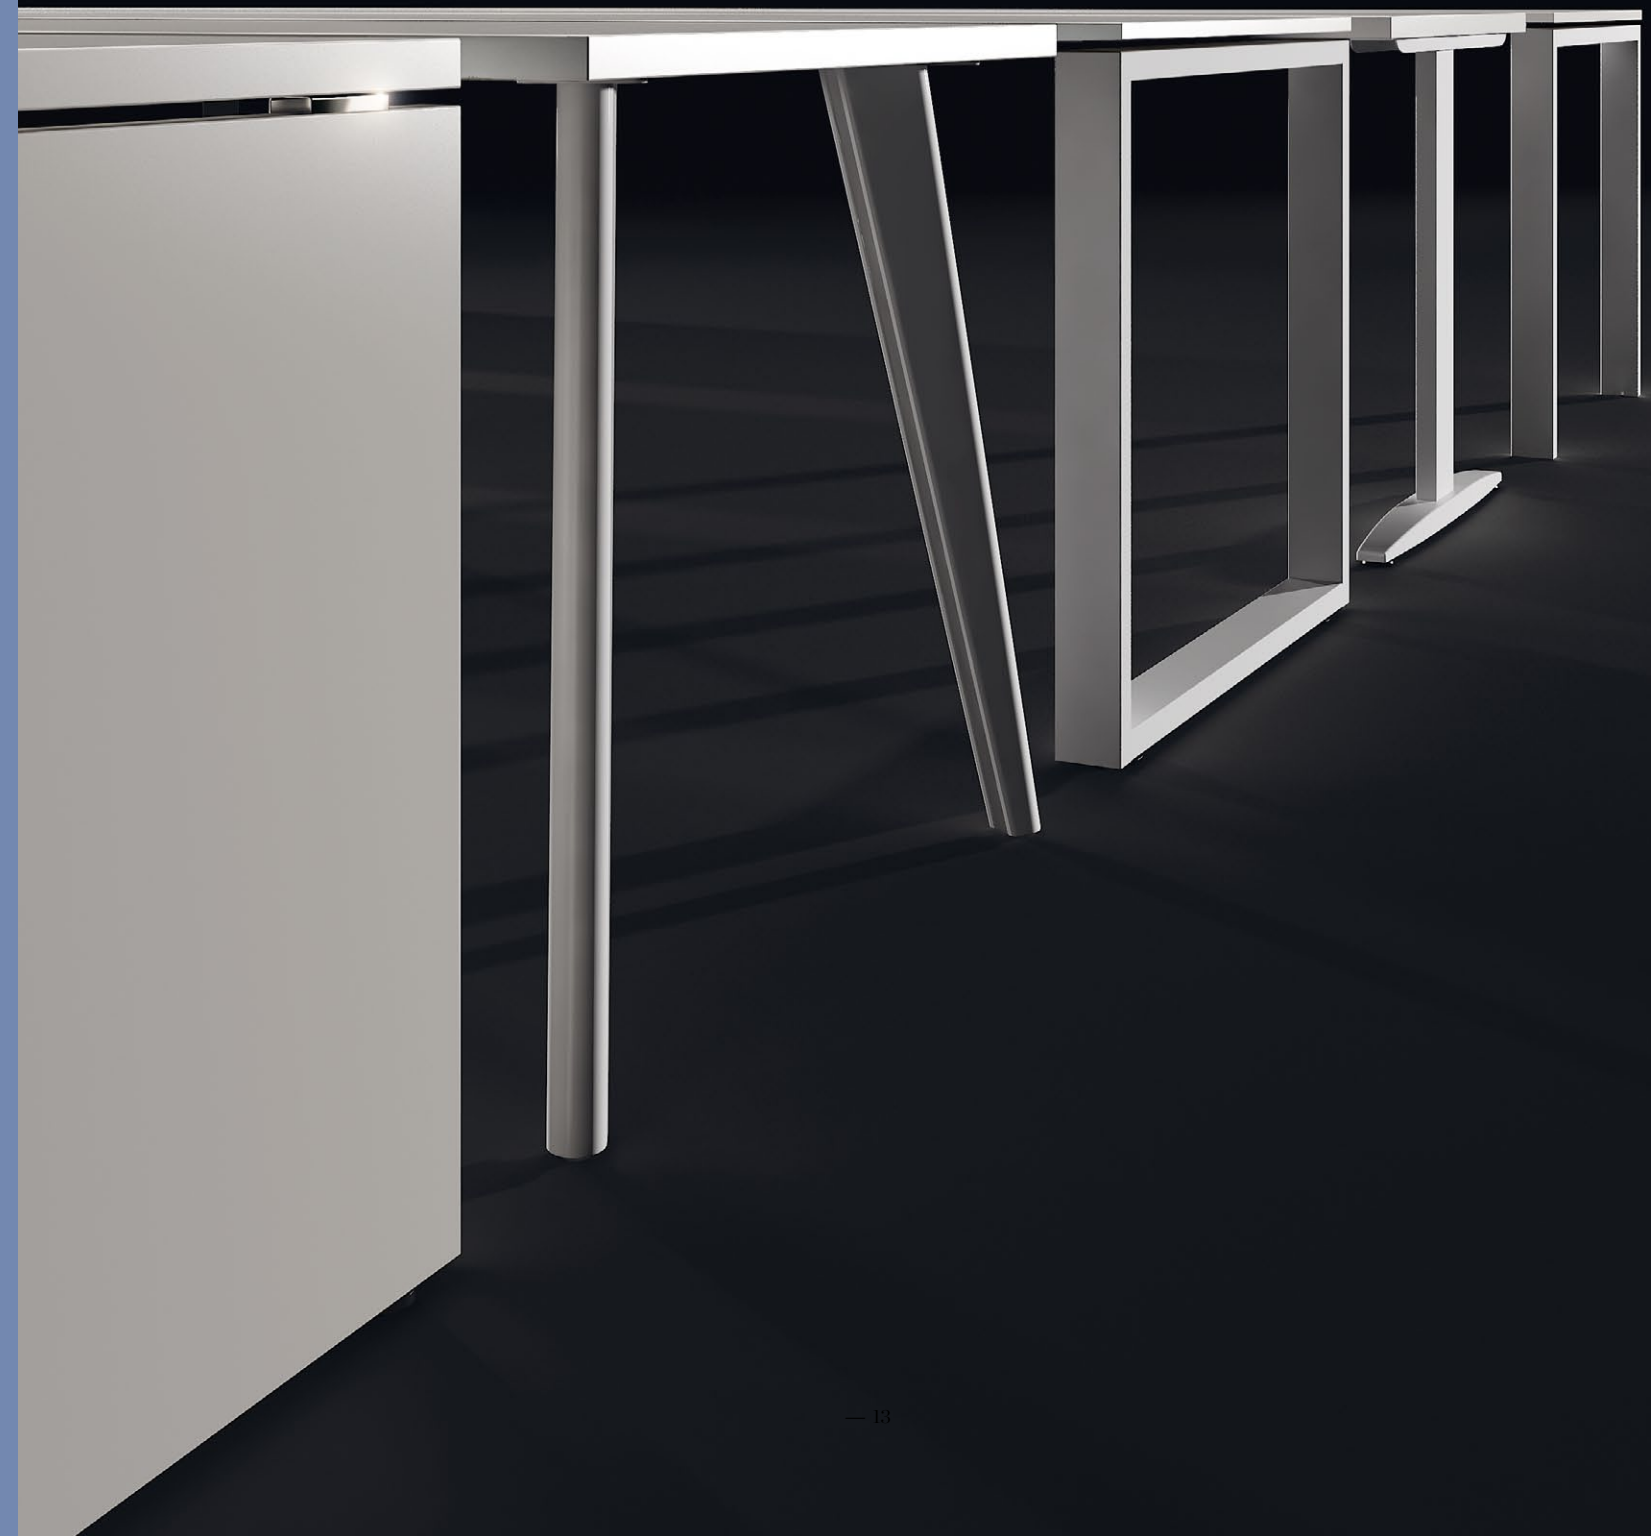

Progetto di arredo operativo vasto e articolato, pensato per dare una risposta alle più svariate esigenze tecniche ed estetiche. Cinque versioni, dalle linee attuali e nello stesso tempo tradizionali.

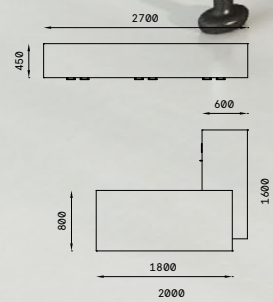

La *Pannellata* ha il fianco in melaminico collegato al top tramite un distanziale in inox lucido. I fianchi a *Ponte* e *Anello* in tubo rettangolare sono verniciati, come quelli a *T rovesciata*. Completa la gamma la *Conica*, con gambe a sezione semiellittica in acciaio stampato. Lavoro di squadra con il system bench dal fianco a Ponte o Conico: postazioni dotate di schermi - anche in stoffa - lampade, porta monitor... vano tecnico in alluminio satinato. Garantite funzionalità, estetica ed ergonomia.

Vast, well-designed operational furniture, designed to be the answer to a host of technical and aesthetic requirements. Five versions, with current styling that manages to remain within the realms of tradition.

*Pannelled side* has a side in melamine, connected to the top via polished stainless steel spacer. The *Bridge* and *Ring* sides in rectangular piping are painted, as per the one looking like *T leg*. The range is completed by *Conical*, with semi-oval legs in moulded steel. Teamwork with the bench system alongside *Bridge* or *Conical*: workstations with screens - including in fabric - lamp, monitor stand... technical compartment in satin-finish aluminium. Guaranteed practical use, aesthetics and ergonomics.

# PUZZLE

È un sistema aperto per posti di lavoro con soluzioni infinite, dove la flessibilità nel progettare è totale. Con Puzzle la composizione dell'arredo si realizza sulle esigenze del cliente e si può modificare a ogni nuova necessità operativa. Le paretine da 82 mm di spessore hanno struttura in acciaio e profili di finitura in alluminio verniciato. I tamponamenti sono in melaminico o rivestiti in stoffa. I piani di lavoro, sempre in melaminico da 30 mm, sono bordati in ABS. I fianchi terminali sono quelli della linea Team nelle versioni *Pannellata*, *Conica* e *T rovesciata*. La canalizzazione è sempre presente e i componenti accessori rispondono a tutte le necessità tecniche di utilizzo.

This is an open system for workstations with a host of infinite solutions, where design flexibility is total. With Puzzle, the furnishing layout is created to suit the client and it can be changed to suit any new operational requirement. The partitions, 82 mm thick, have steel structures and painted aluminium finish profiles. The claddings are in melamine or covered in fabric. The worktops in 30 mm melamine are edged in ABS. The finishing panels are taken from the Team line in the versions *Panelled side*, *Conical* and *T leg*. Ducting is always fitted and the accessory parts comply with all of the user's technical requirements.
